Name(s):_____ Date: _____ Period:_____

Algebra 1B Mini research project on parabolas and factoring

1) History of parabolas (who, what, when, where, how, why)

2) History of factoring (who, what, when, where, how, why)

3) Real-life example of parabolas and its significance (e.g., in hurricanes, buildings, etc.)

4) Find the equation of a parabola in real life, and find the parabola's zeros (i.e., solve the equation).
