

## Directions for setting up your Duolingo account

1. Go to my website <http://profesorabass1516.weebly.com/> to get the link for your class. If, for any reason, the links are no longer on the website, here are the links:

Period 5: <https://www.duolingo.com/o/beymvv>

Period 6: <https://www.duolingo.com/o/yzvkju>

2. After you click on the link, complete the information requested.
3. Where it says "Full name", enter your name in this format: **LAST NAME, FIRST NAME**. D O NOT LEAVE IT BLANK.
4. Then enter your e-mail address. Use the e-mail that you use for school, unless you do not check it often. In which case, you may use your personal e-mail address or your parents' e-mail.
5. Choose a username that is not profane or inappropriate.
6. Then, select your password.
7. Click on "Create account".
8. You are going to get a pop-up that says:

9. Click on "Continue".
10. Click on "Start tour", and follow the directions.
11. When you get to the screen that says you can *Connect using Facebook*, click on "skip this step".
12. Then, on your daily goal, click on "Regular".
13. If you get a pop-up window that says that duolingo wants to show notifications, click on "Allow".
14. When you get to "Choose your path!", click on "**Placement test**".
15. Then click on "Start the test". Take the test, and click "End" when you are done.
16. On the top of the page, by the photo and your username tab, go to the "Settings" tab, then go to "Progress Sharing". In the Progress Sharing, enter [vbass@conejouso.org](mailto:vbass@conejouso.org) where it says "Email address", then select your class in the drop down menu, and click on "Join classroom".
17. Then, click on the "Notifications" tab. Uncheck the daily reminders. You may also uncheck any other reminder in the general section that you do not wish to receive; however, make sure to NOT uncheck "There is an announcement" since that would prevent you from receiving any announcements from your teacher.
18. Go back to the top of the page, and put the cursor on the Spanish flag, and click on "Spanish level 1 (or whatever level you're in after the placement test)". Begin your first lesson, and follow the directions throughout.
